Welcome to the **Greater ILLINOIS Chapter of HIMSS!**

The Story of Our Name Change...

On July 28, 2016, our chapter name adopted its new name to represent the transformation our membership experienced over the past few years.

While originally founded to support the HIMSS "health" of Chicago and surrounding suburbs, our Chapter has expanded to now represent a large portion of the state of Illinois. As visible in the attached graphic, our chapter actively promotes the HIMSS vision throughout Illinois – past Rockford to the Mississippi River in the northwest, down to central Illinois, and east along the Indiana border including the Indiana "collar counties".

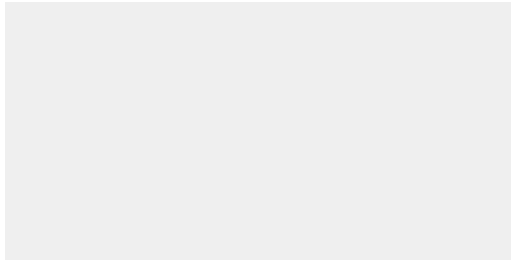

Our chapter Board of Directors has actively committed outreach to these "new" areas and now offers educational events, organizational affiliate outreach, and CIO partnerships. In addition to our annual Advocacy activities at our state capitol in Springfield, our chapter hosts events throughout the state including our upcoming Nursing Informatics event to be held in Rockford on September 30th.

Our Board decided that "**Greater Illinois**" would best represent our objectives. It allows us to maintain the investments made to date in membership recognition of our correspondence and activities. By keeping the word "**Greater**", we still facilitate web searches and directory look-ups for those who know us as well as preserve the value of the name recognition we have built within the HIMSS communities. Similarly, given the breadth of the state falling under our purview – and the national HIMSS organization's on-going reference to us as the "**Illinois**" chapter – we feel this new name significantly embodies the entire membership we serve while reducing confusion for those who know us best.
