This education activity is jointly provided by Anthony J. Jannetti, Inc. (AJJ), the American Nursing Informatics Association (ANIA), and the Greater Illinois Chapter of HIMSS.

GCC HIMSS Webinar Series

October 4th- "Process, People and Technology: Using Informatics and Decision Support to Improve Health System Performance"

Join Dr. Erick France, Healthcare Provider with PMG Healthcare Solutions, and Emily Borlik, Managing Director of Healthcare for Slalom Consulting as they explore how to achieve effective informatics and decision support through implementation of the appropriate processes and involving the right people, combined with the right technology solutions.

Webinar Learning Objectives:

1. Partnering qualitative approaches with quantitative measurements
2. Improving patient care through process design and informatics
3. Learning how technology can be leveraged to move goals forward without being the instigation tool
