

Meet Your Nebraska Chapter Leaders

Hello!

I am excited to represent the HIMSS Nebraska Chapter as President for the coming term. I come to this role with over 30 years of experience in healthcare technology and currently serve as the Health Statistics Administrator for the State of Nebraska.

As an active member of the Nebraska HIMSS chapter for many years, I am looking forward to working alongside a talented and dedicated team of professionals who share my passion for health IT. Please take a moment to get to know them (see below).

If you'd like to join us in leading the healthcare IT conversation, please consider volunteering, joining the conversation on social media or attending an upcoming chapter event!

U.S. NATIONAL HEALTH+IT WEEK

Nebraska HIMSS Chapter to Celebrate National Health IT Week *Official Proclamation to Be Given on September 16*

National Health IT Week is September 23 - 27, celebrating the power of information and technology to reform the U.S. health system.

Nebraska HIMSS Chapter Advocate Kevin Conway announced that an official proclamation from the State of Nebraska will be delivered at the State Capital in Lincoln, Nebraska on September 16. Chapter leaders and others committed to being catalysts for change will be in attendance between 10 am and 11:30 am to spread our grassroots advocacy message of health IT's role in facilitating meaningful change.

Fall Event Update

Busy fall schedules have led to a decision to forego the event previously scheduled for September 16-18. If you saved this time on your calendar in response to our earlier "Save the Date" message, you can have this time back to enjoy the fall. Please plan to join us in the spring when we pick up our educational networking events.

Questions? [Contact our Programs Chair](#)

Attendees enjoyed two days of networking and exploration of current informatics trends and issues at Nebraska HIMSS' Nursing Informatics Bootcamp held June 12-13, 2019 in Alliance, Nebraska.

Thank you to presenters Susan K. Newbold, PhD RN-BC FAAN FHIMSS and Connie Ganz, MSN, RN-BC for sharing the many ways the healthcare IT industry continues to experience incredible change.
