

Change, Challenge & Opportunity

Event Agenda

- Thriving in Times of Change
- Panel Discussion: Conversations on Change, Challenge & Opportunity
- Overcoming Challenges through Powerful Communication
- Volunteer/Group Activity to support families in need at Elizabeth House

The Premier Women's Event

It all started here, with the women of the Northern California HFMA Chapter. Five years ago, we envisioned and executed an event that spoke to the educational, networking and spiritual needs of women in healthcare, and the Women's Event was born. It has grown to encompass women of all industries and has not only become a hallmark event for our chapter, but has been replicated in many other chapters and by HFMA National. A not-to-be-missed event.

*Networking
and Wine
Tasting!*

Keynote Speaker

E. Connie Mariano, MD, FACP

First military woman in American history to be appointed White House Physician and former radio talk show host of House Calls on the Voice America network.
