Imagine a seamless healthcare ecosystem throughout all of the U.S. and beyond keeping the patient at the center.

Epic Connect partnered extensions can do just that!

Why Connect?

What is Connect?

The Why: Everyone wins with connect

The How: What really matters

Better Together

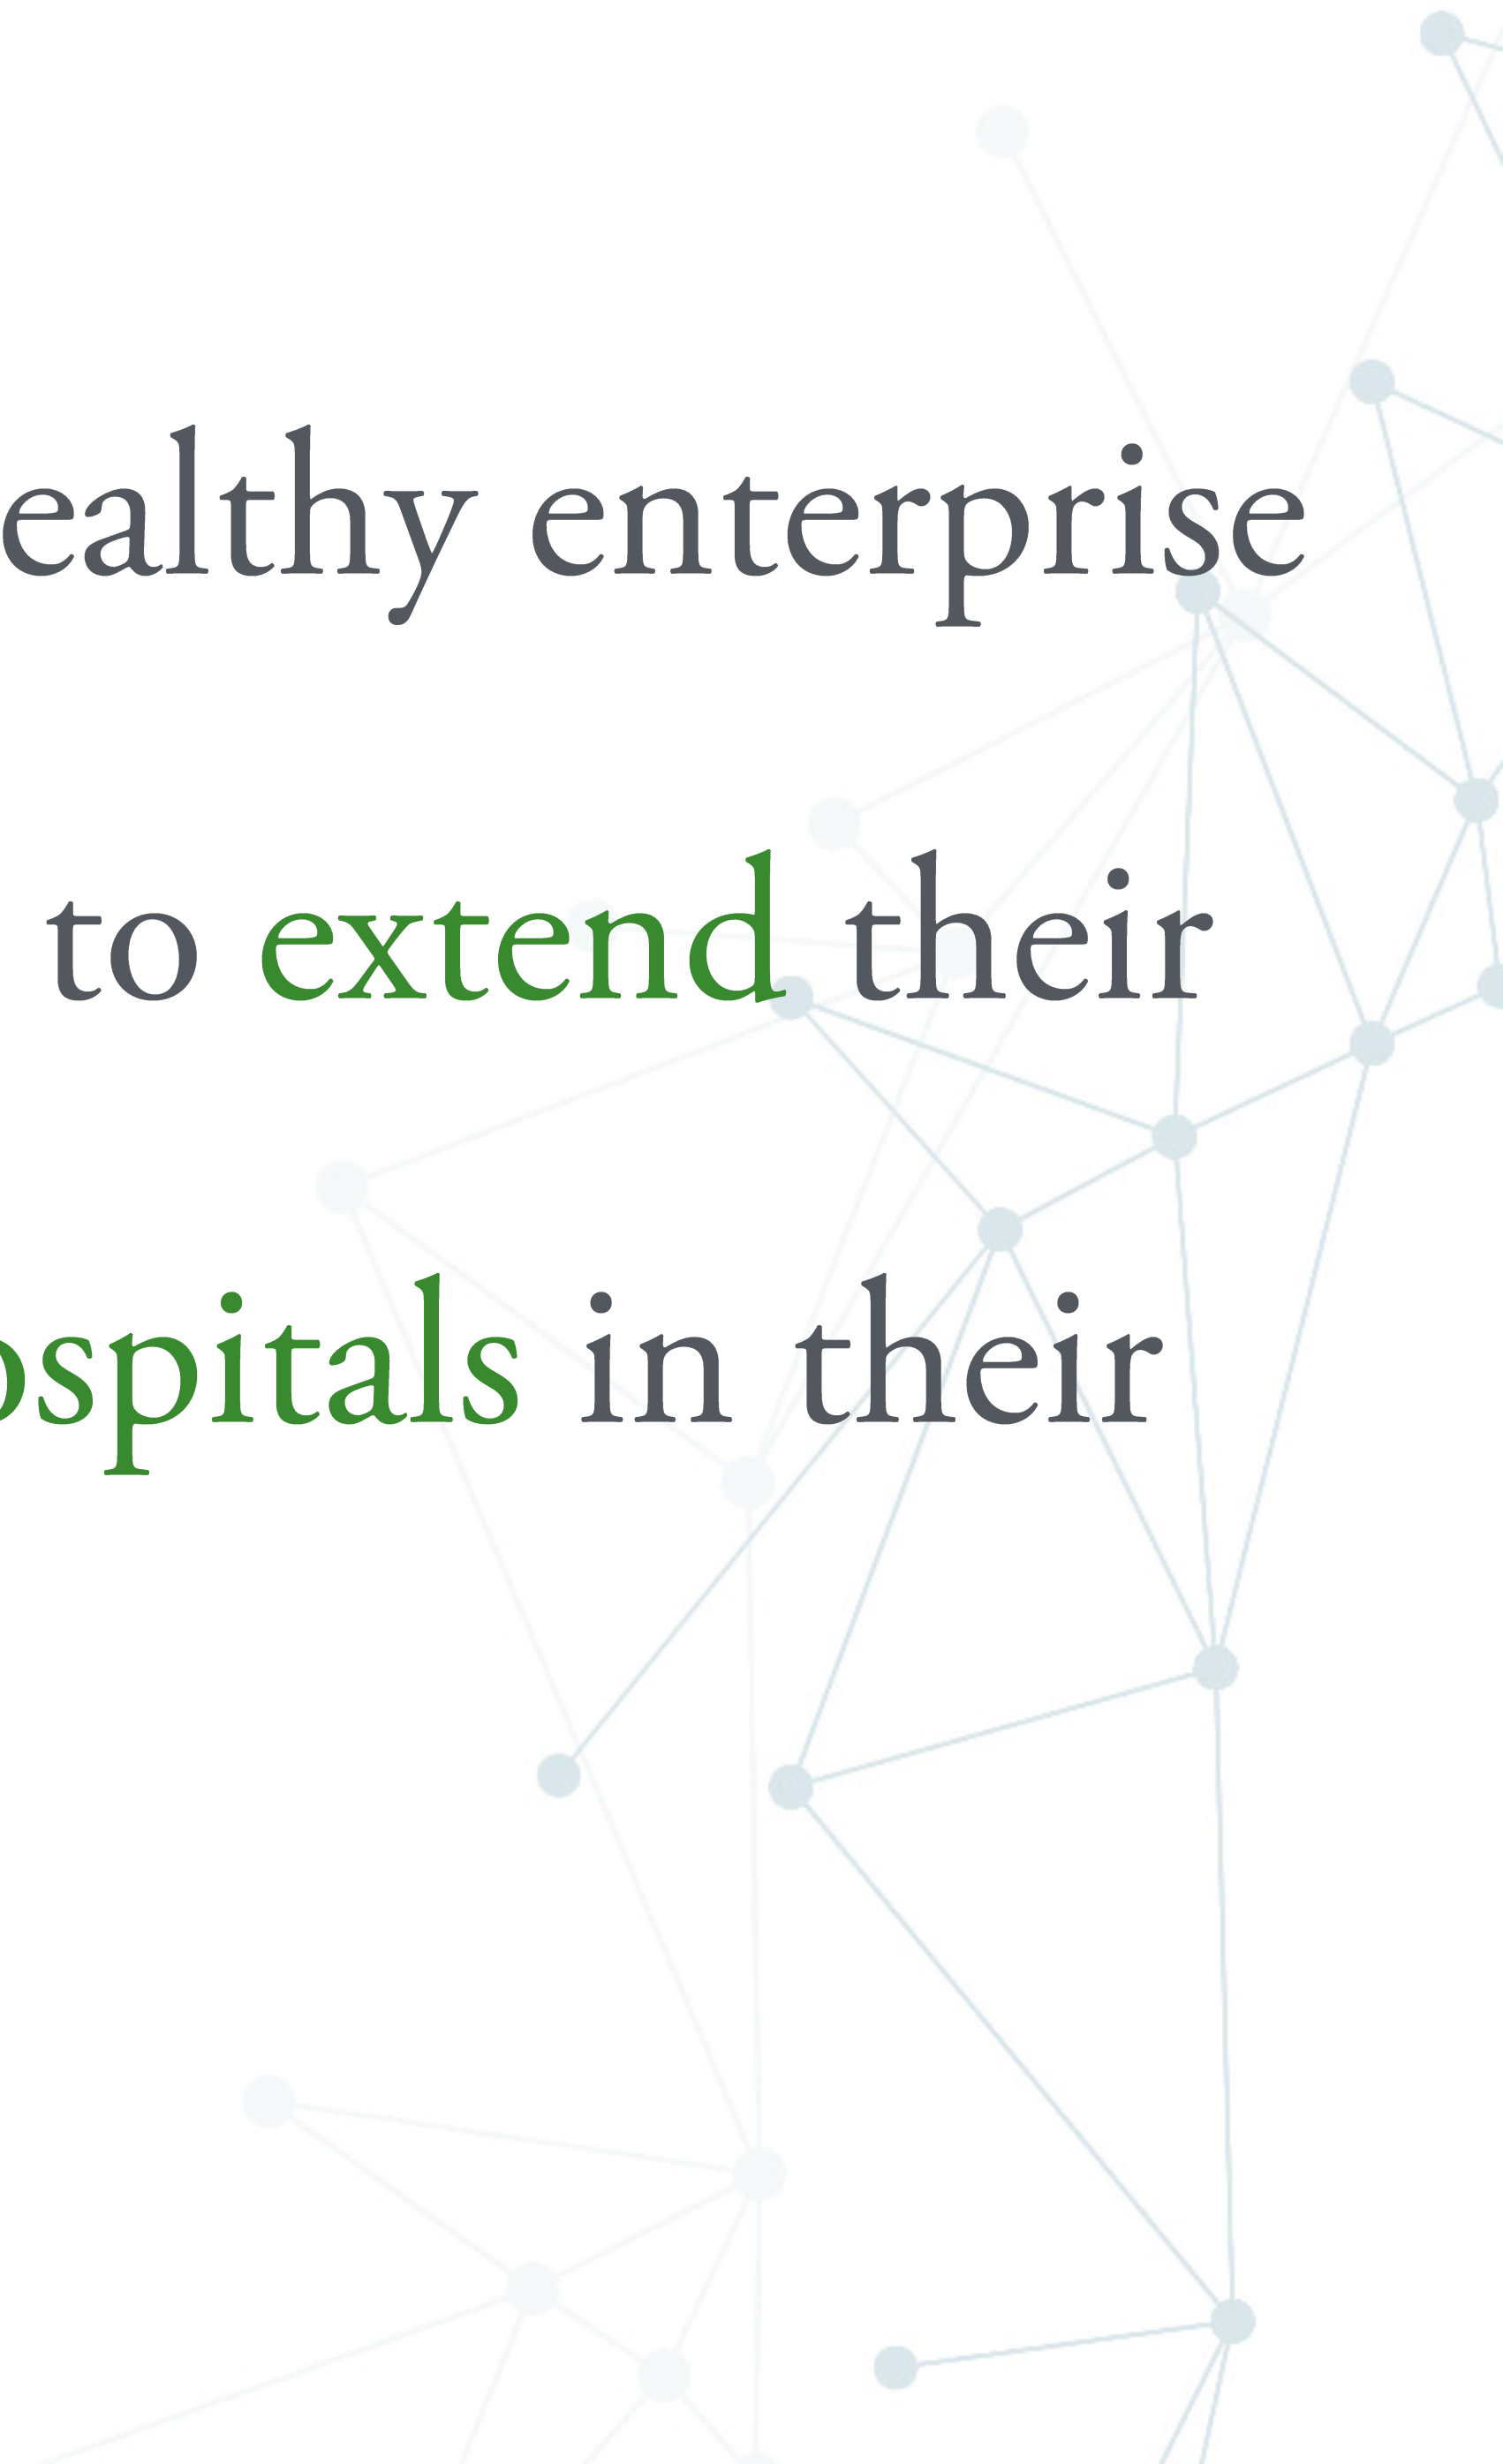

What is Connect?

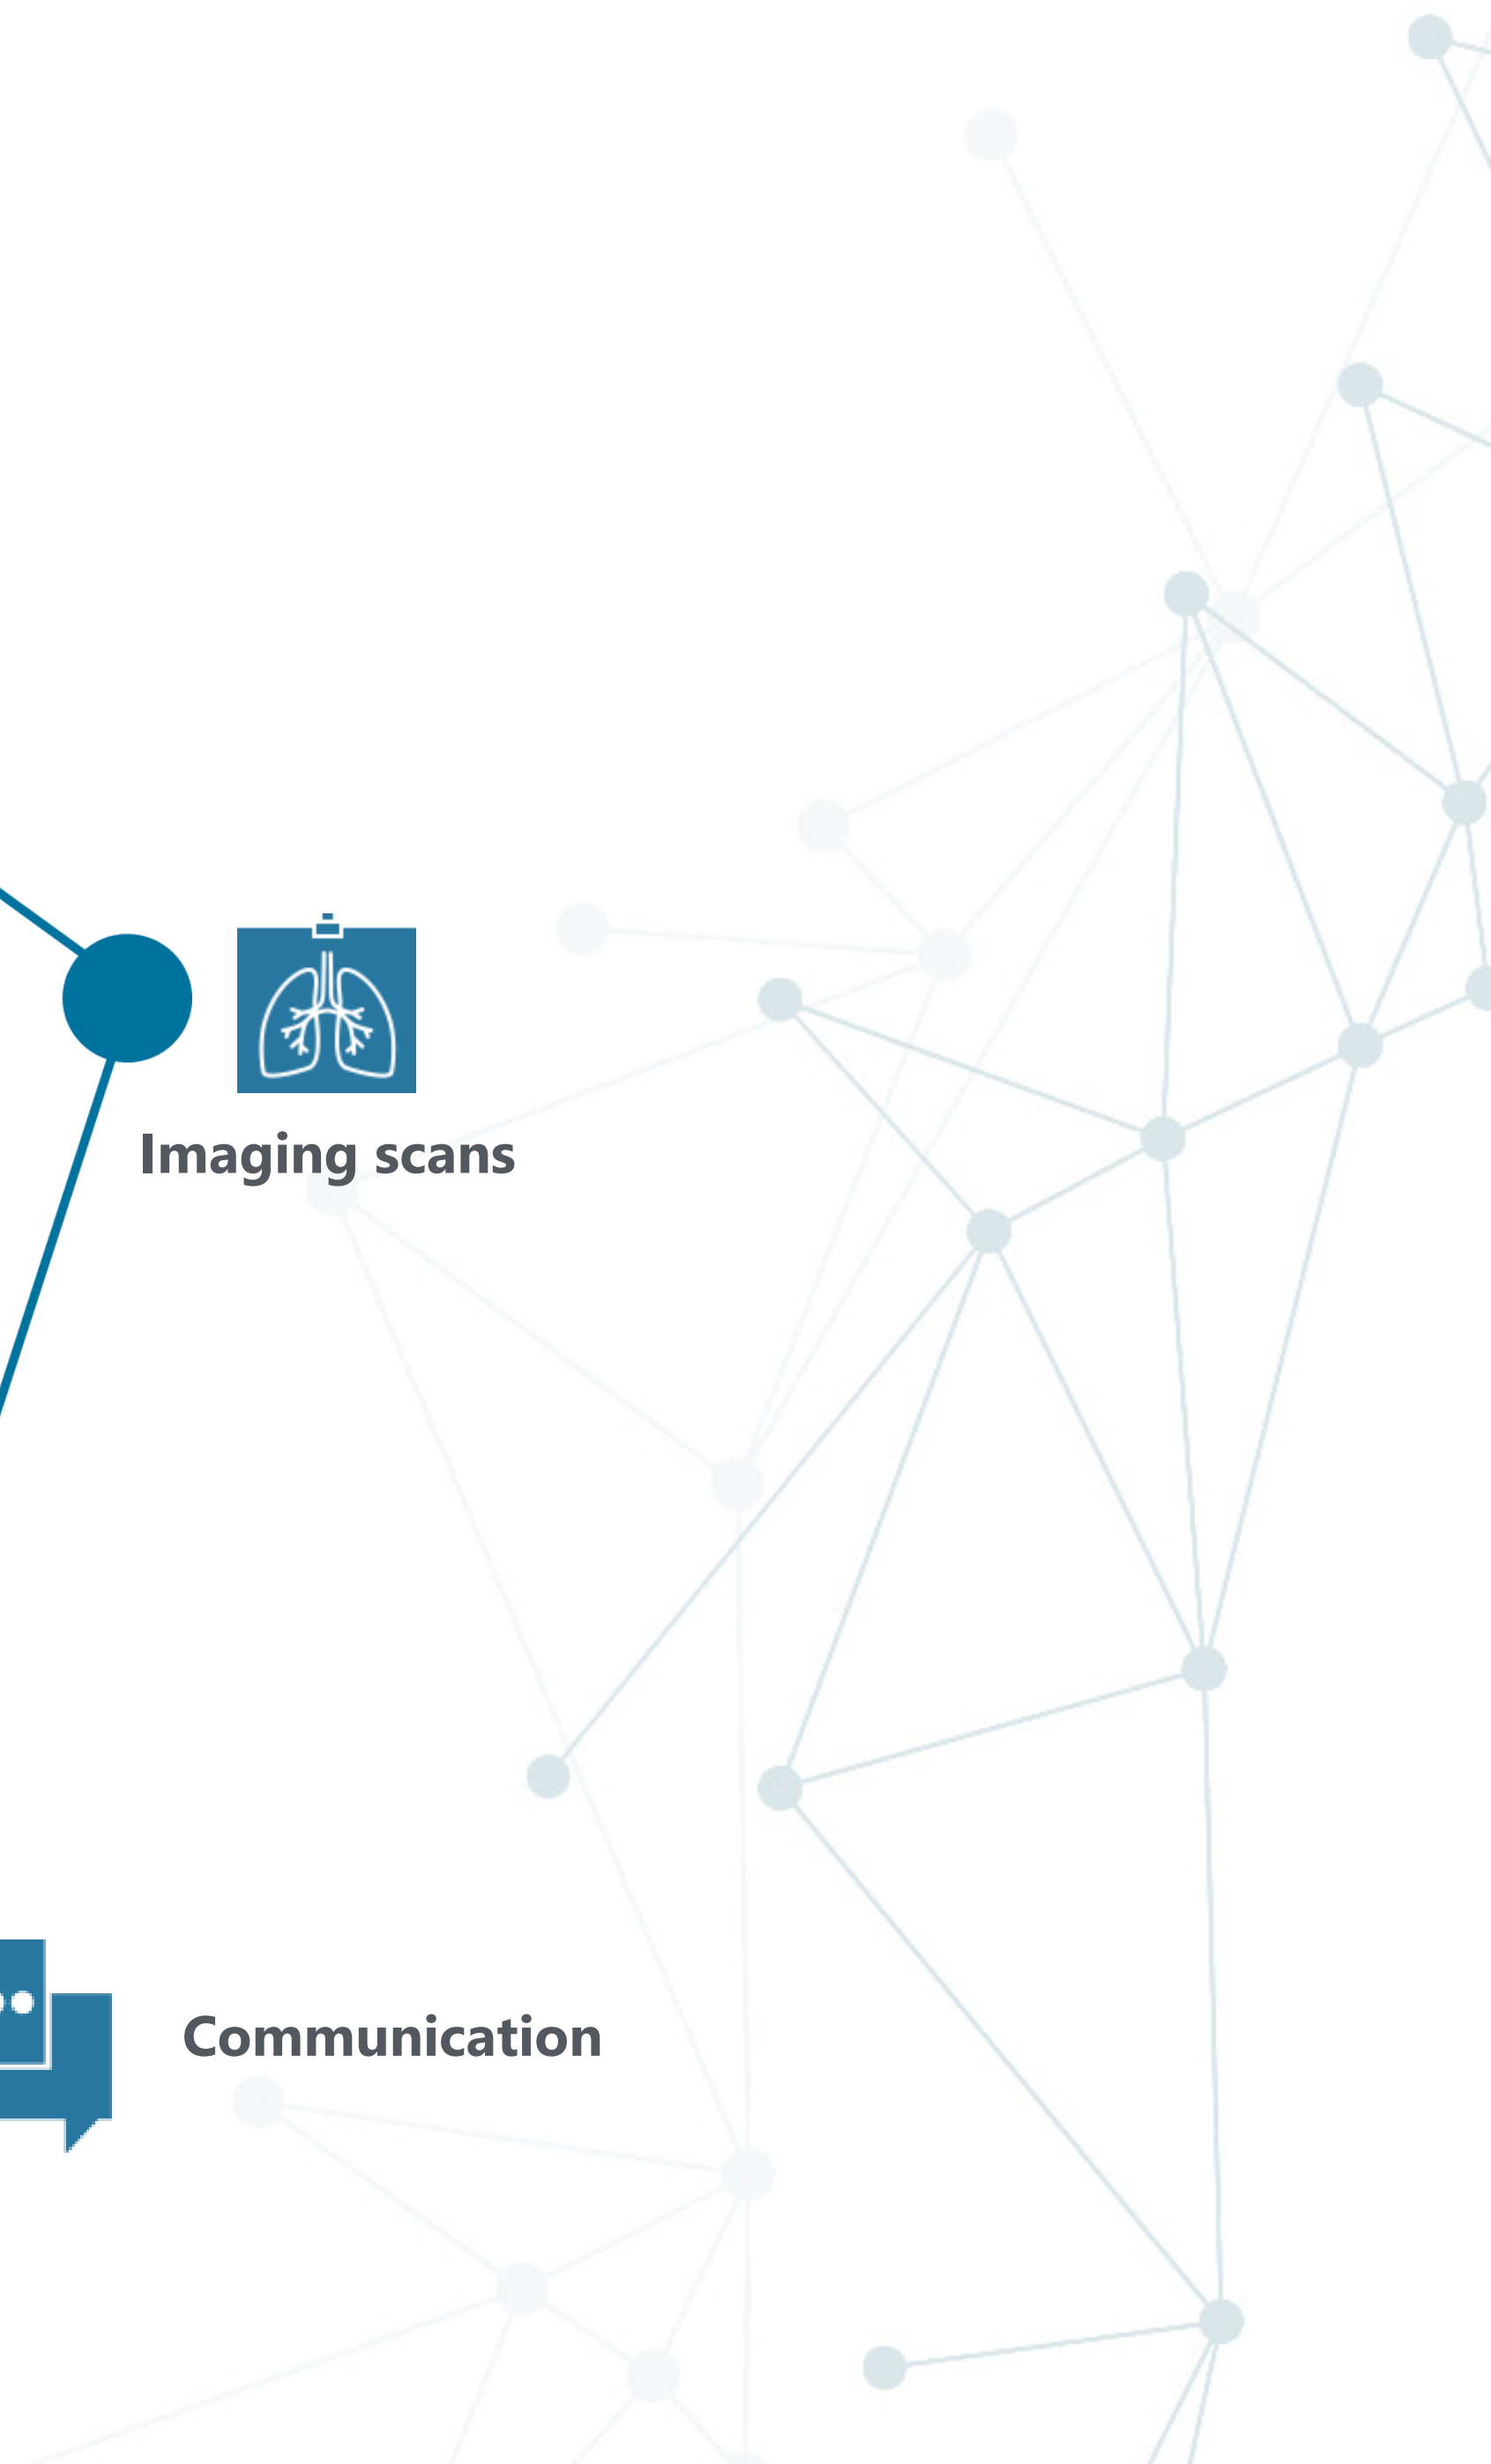

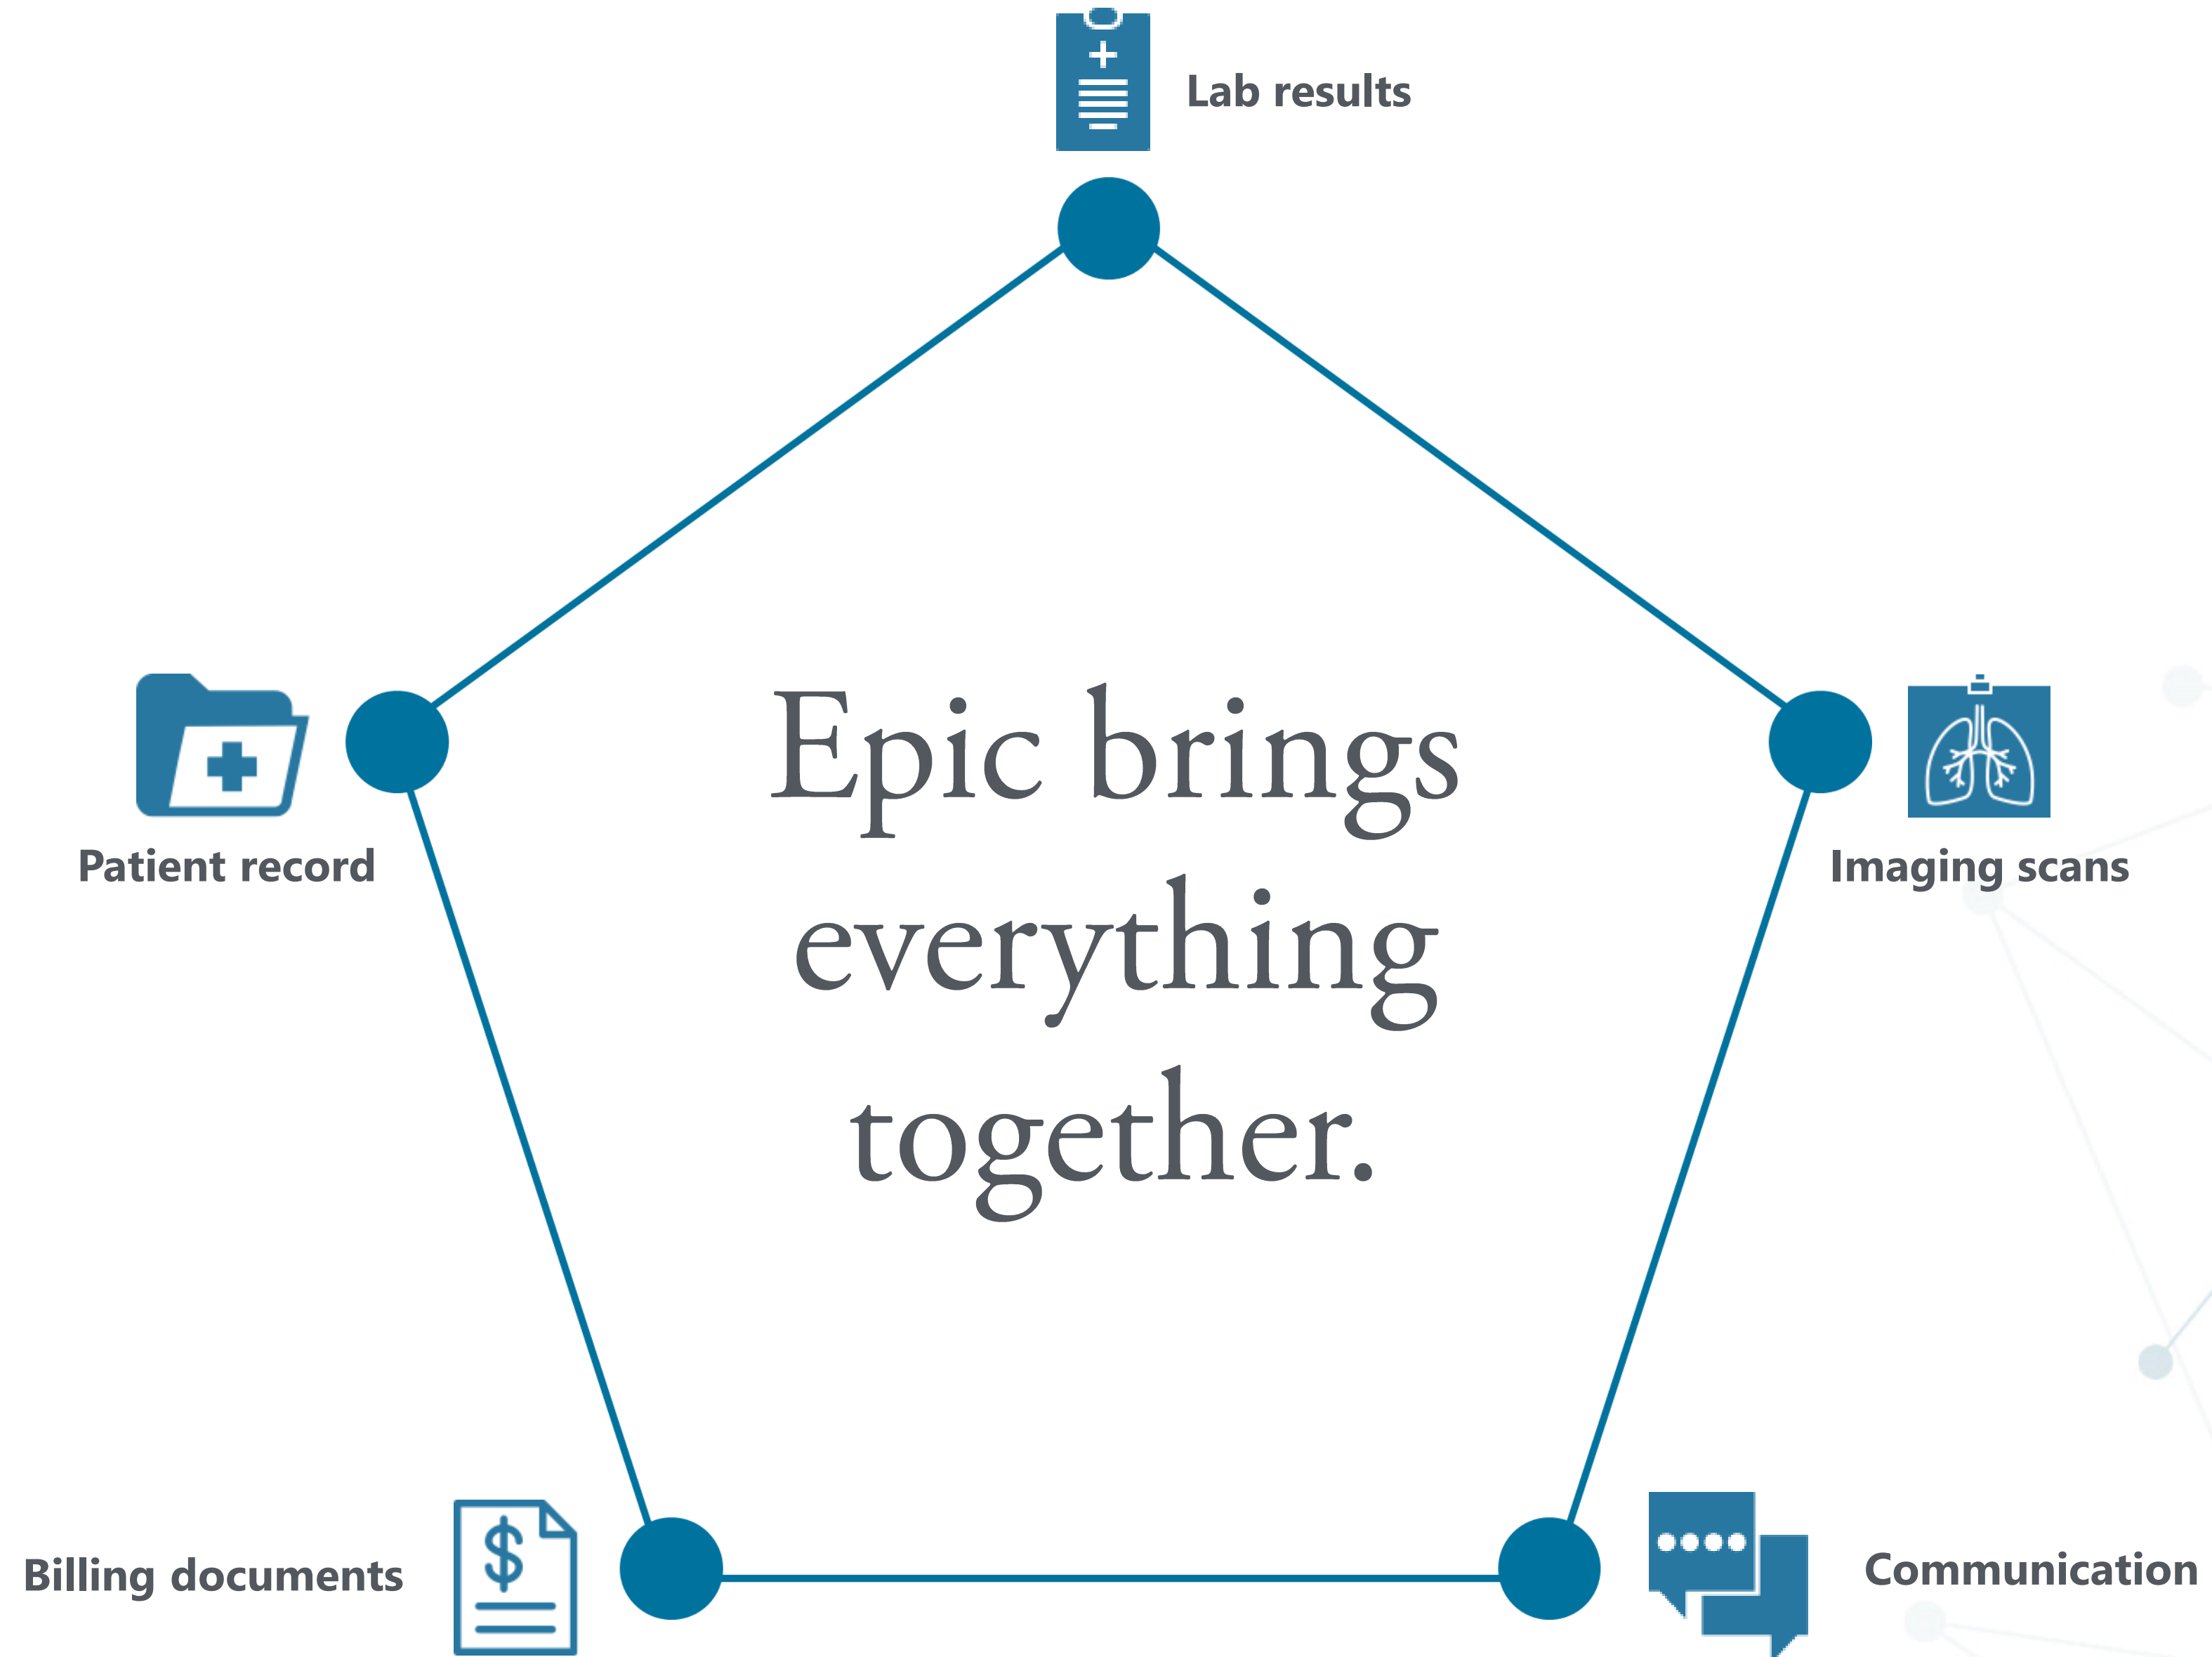

Healthcare entities that have built healthy enterprise

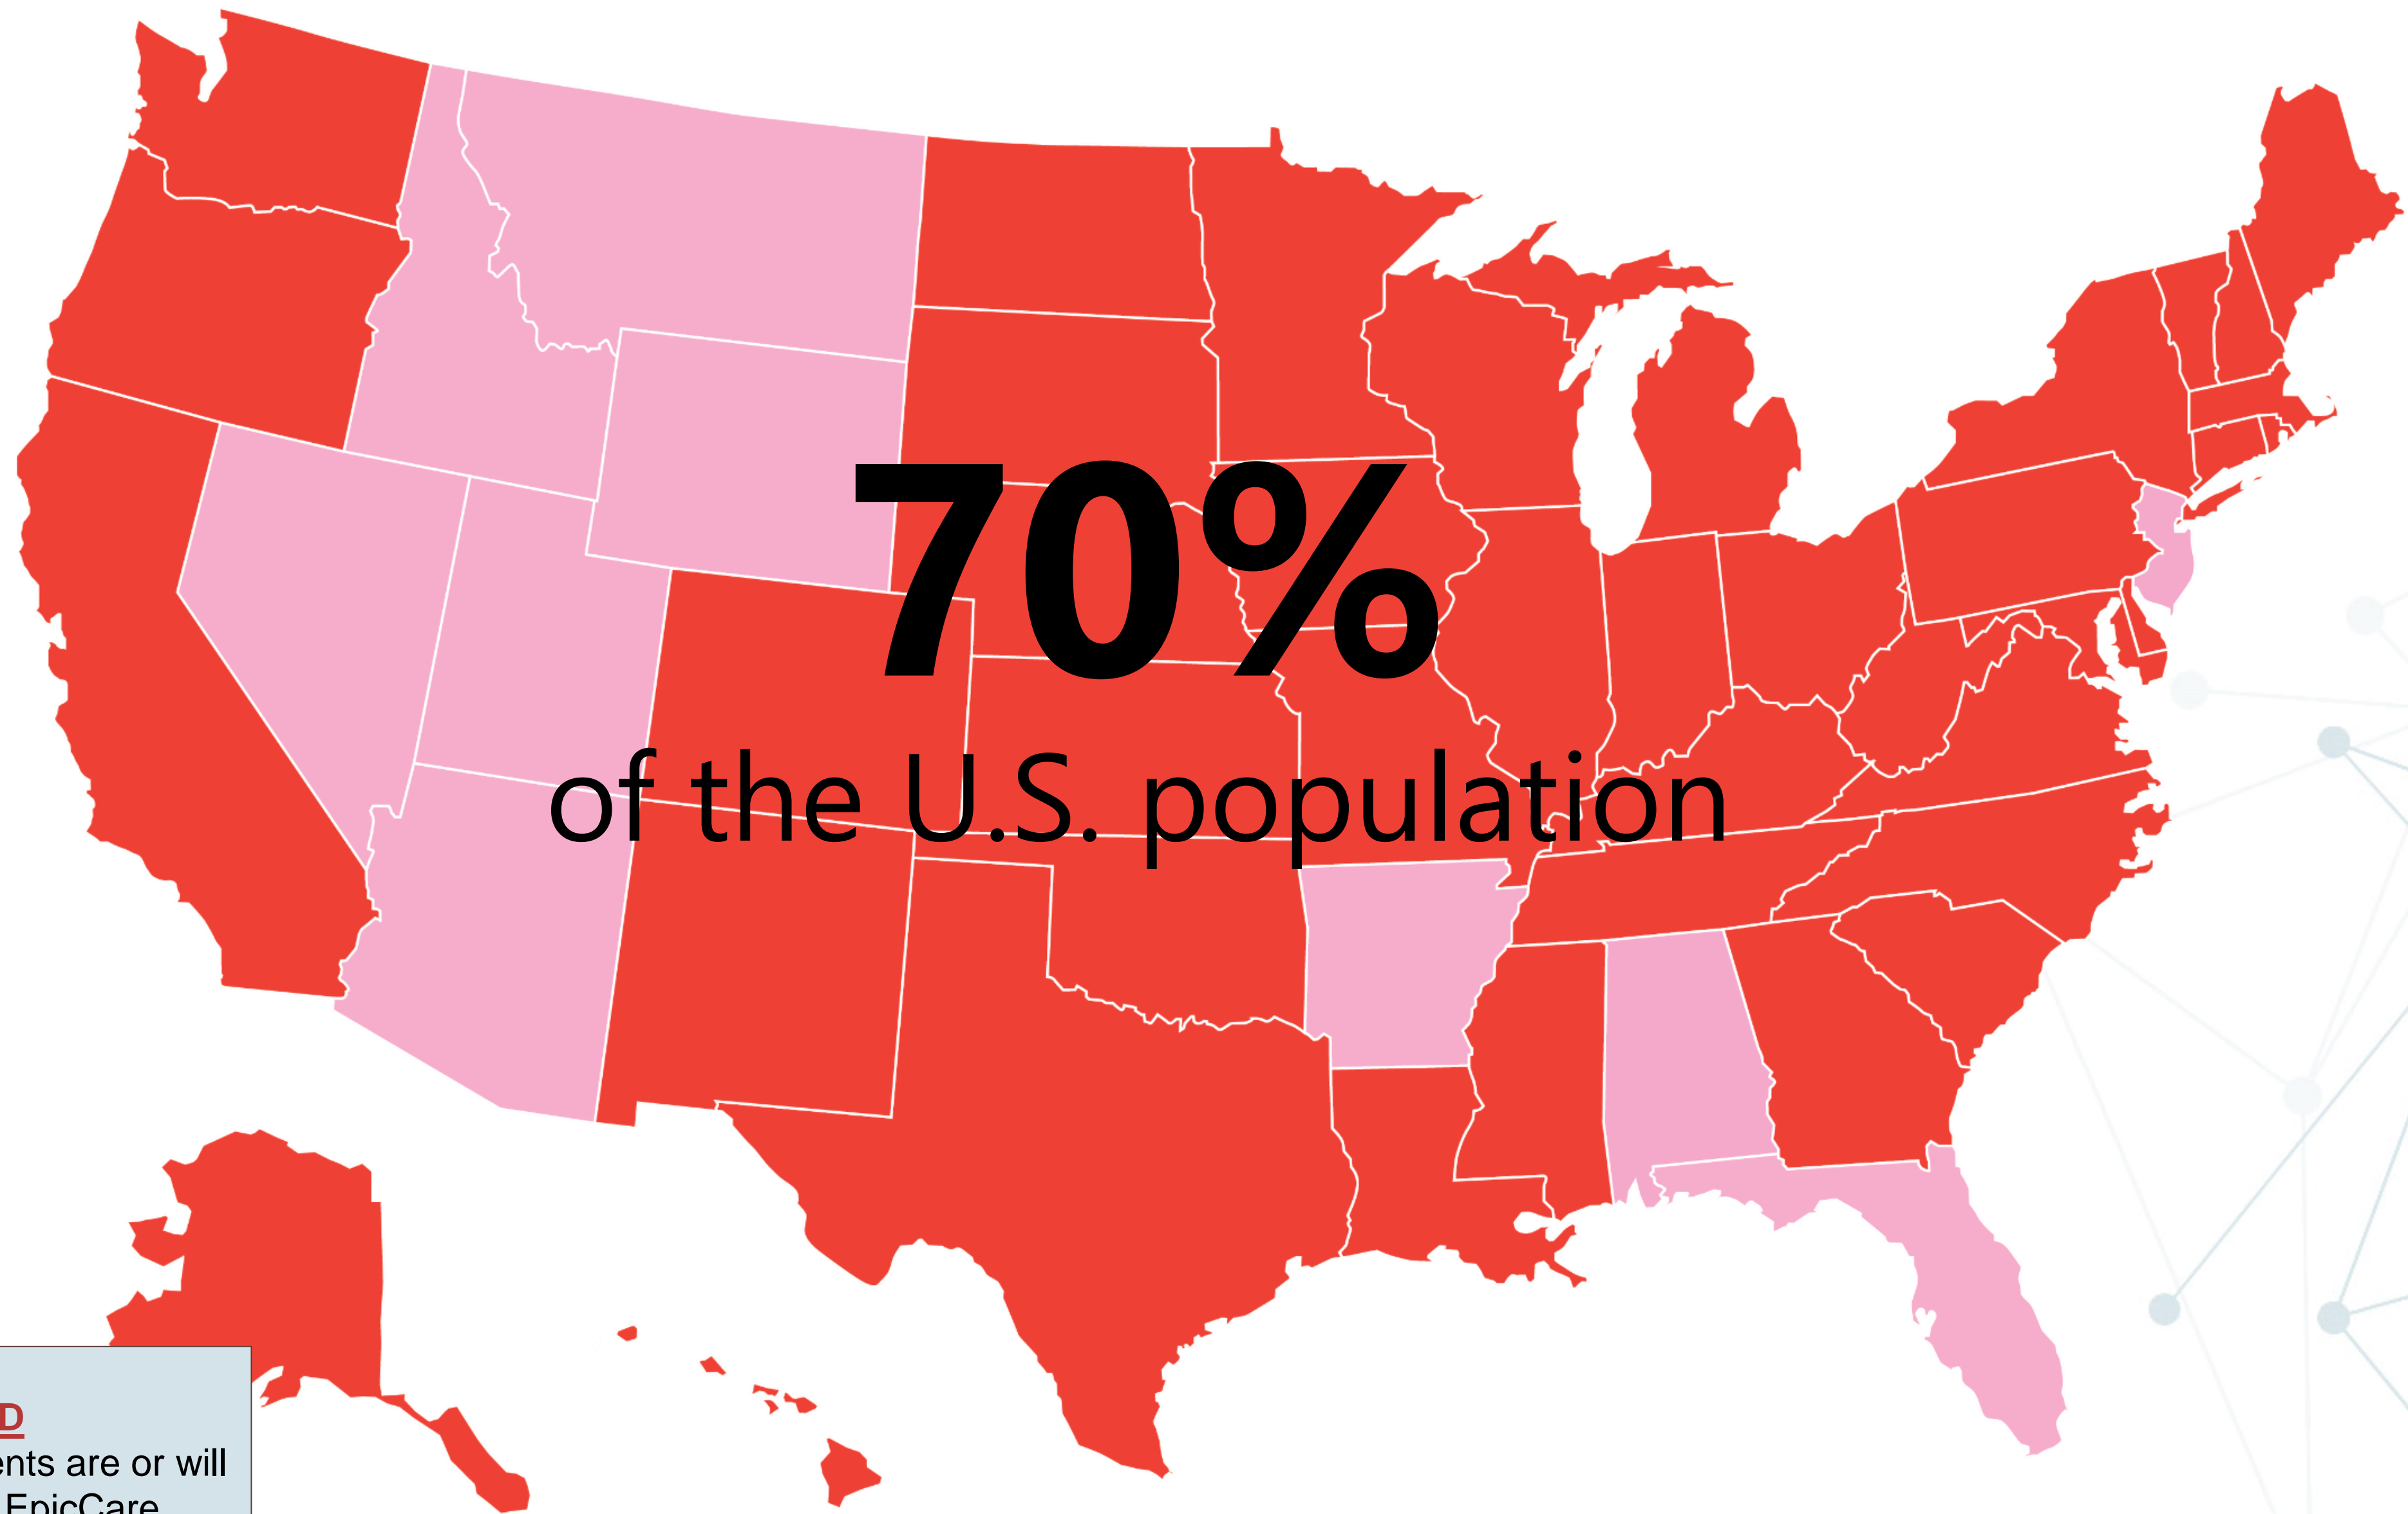

Epic systems **sharing** that expertise to **extend** their

Epic and **support** to **clinics** and **hospitals** in their

communities.

70%
of the U.S. population

41 RED
40 to 95% of patients are or will be covered by EpicCare

10 PINK

The How:

What really matters

Recipe for success: So much more than the EHR tool!

Why Connect?

Starts at the top: strong healthcare leadership at both healthcare entities

Change management: openness to change with the shared goals in mind

Profession-to-profession partnership: a guide who does what they do daily

Strong governance: project and beyond

Long term promise: grow in the system together

The background is a solid blue color. Overlaid on this are several elements: a network of white dots connected by thin white lines, primarily located on the left and right sides; and a faint, light blue world map centered in the background. The text 'Better together' is written in a white, serif font, centered horizontally and vertically.

Better together

Helping to improve the health of the patients and communities we mutually serve

Uniting our resources and expertise

Empowering our Connect partners so they can focus on patient care

One complete patient record =
patient and provider
empowerment
