

Douglas Shew is currently a Senior IT Director with Ascension Information Services with responsibilities to strategically align IT Services and delivery for the north region of Ascension WI. He has over 22 years of healthcare experience, with the last 10 being at the executive and senior leadership levels.

Prior to our health ministry joining Ascension, Doug was the IT Vice President serving in executive leadership capacity for Affinity Health System. His career growth has come as an evolution, with his first healthcare role at St. Joseph Hospital in Marshfield, Wisconsin as a network administrator. Doug then moved on to Affinity Health System and moved up the management ranks.

Accomplishments include the implementation of two large ambulatory EHR implementations, with the most recent being Athena PM & Clinicals. He also led Ministry Health Care's implementation to share clinical data with WISHIN, the health information exchange of Wisconsin. He successfully completed the Leadership Oshkosh program sponsored by the University of Wisconsin, Oshkosh. Doug has a Bachelor's of Science degree in Computer Science from the University of Wisconsin - Eau Claire.
