

## **Advocacy for Interoperability**

Pamela Varhol, MS, MBA, CAHIMS, RHIA

### **Congressional Asks**

1. Enact or broaden adoption of electronic prescribing of controlled substances
2. Integrate prescription drug monitoring programs into electronic health records
3. Leverage telehealth to increase access to treatment and address provider shortages

## Congressional Asks

4. Create an integrated data infrastructure across public health, behavioral health, justice and human services to enhance timely opioid crisis response and prevention.

## Sharing Data

Table 3

*Shares Data With Other Organizations Using Technology*

Participant Response	LHCS		Non-LHCS	
	Frequency	Percent	Frequency	Percent
Strongly Agree or Agree	172	73.5	142	56.6
Neutral	38	16.2	56	22.3
Strongly Disagree or Disagree	24	10.3	53	21.1
Total	234	100.0	251	100.0

## Improves Patient Outcomes

Table 10

*Sharing Data Improves Patient Outcomes in My Organization*

Participant Response	LHCS		Non-LHCS	
	Frequency	Percent	Frequency	Percent
Strongly Agree or Agree	213	91.8	208	84.6
Neutral	17	7.3	30	12.2
Strongly Disagree or Disagree	2	.9	8	3.3
Total	232	100.0	246	100.0

## Reduced Length of Patient Stays

Table 11

*Sharing Data Has Reduced the Length of Patient Stays*

Participant Response	LHCS		Non-LHCS	
	Frequency	Percent	Frequency	Percent
Strongly Agree or Agree	132	56.9	124	51.2
Neutral	84	36.2	97	40.1
Strongly Disagree or Disagree	16	6.9	21	8.7
Total	232	100.0	242	100.0
